

MINOR IN MEDICAL HUMANITIES

Program Learning Outcomes for the Minor in Medical Humanities

Upon completing the minor in Medical Humanities, students will be able to:

1. Describe the historical, literary, artistic, and ethical domains of medical humanities scholarship.
2. Analyze and evaluate complex texts relating to the social and cultural aspects of medicine through close reading and critical interpretation of arguments, metaphors, and images.
3. Explain the history of racism and anti-racism in health and medicine.
4. Explain how disability shapes the healthcare experience for patients.
5. Conduct independent research and communicate their own arguments about medical humanities in research papers, class presentations, and discussions.

Requirements for the Minor in Medical Humanities

Students pursuing the minor in Medical Humanities must complete:

- A minimum of 6-7 courses (18-21 credit hours), depending on course selection, to satisfy minor requirements.
- A minimum of 3 courses (9 credit hours) taken at the 300-level or above.
- A maximum of 2 courses (6 credit hours) from study abroad or transfer credit. For additional program guidelines regarding transfer credit, see the [Policies](#) (p. 2) tab.

The courses used in the Medical Humanities program examine the social, cultural, ethical, and aesthetic dimensions of medicine in contemporary and historical contexts, and are open to all undergraduate students at Rice from all backgrounds.

The courses listed below satisfy the requirements for this minor. In certain instances, courses not on this official list may be substituted upon approval of the minor's academic advisor, or where applicable, the Program Director. (Course substitutions must be formally applied and entered into Degree Works by the minor's [Official Certifier](https://registrar.rice.edu/facstaff/degreeworks/officialcertifier/) (<https://registrar.rice.edu/facstaff/degreeworks/officialcertifier/>)). Students and their academic advisors should identify and clearly document the courses to be taken.

Policies for the Minor in Medical Humanities

Program Restrictions and Exclusions

Students pursuing the minor in Medical Humanities should be aware of the following program restriction:

- As noted in *Majors, Minors, and Certificates* (<https://ga.rice.edu/undergraduate-students/academic-opportunities/majors-minors-certificates/>), i.) students may declare their intent to pursue a minor only after they have first declared a major, and ii.) students may not major and minor in the same subject.

Transfer Credit

For Rice University's policy regarding transfer credit, see *Transfer Credit* (<https://ga.rice.edu/undergraduate-students/academic-policies-procedures/transfer-credit/>). Some departments and programs have additional restrictions on transfer credit. The Office of Academic Advising maintains the university's official list of transfer credit advisors on their website: <https://oaa.rice.edu>. Students are encouraged to meet with their academic program's transfer credit advisor when considering transfer credit possibilities.

Program Transfer Credit Guidelines

Students pursuing the minor in Medical Humanities should be aware of the following program-specific transfer credit guidelines:

- No more than 2 courses (6 credit hours) of transfer credit from U.S. or international universities of similar standing may apply towards the minor.
- Requests for transfer credit will be considered by the program director (and/or the program's official transfer credit advisor) on an individual case-by-case basis.
- Transfer credit coursework received via the articulation of AP, IB or A-level credit will not be considered towards minor requirements.
- Transfer credit from online-only courses cannot be applied or used to meet any of the minor's course requirements.

Distribution Credit Information

The determination of distribution credit eligibility is done initially as part of the [new course creation process](https://registrar.rice.edu/facstaff/courseprocess/) (<https://registrar.rice.edu/facstaff/courseprocess/>). Additionally, as part of an [annual roll call](https://registrar.rice.edu/facstaff/distribution_credit/) (https://registrar.rice.edu/facstaff/distribution_credit/) coordinated each Spring by the Office of the Registrar, course distribution credit eligibility is routinely reviewed and reaffirmed by the Dean's Offices of each of the academic schools.

Faculty and leadership in the academic schools are responsible for ensuring that the courses identified as distribution-credit-eligible meet the criteria as set in the [General Announcements](https://ga.rice.edu/undergraduate-students/academic-policies-procedures/graduation-requirements/#text) (<https://ga.rice.edu/undergraduate-students/academic-policies-procedures/graduation-requirements/#text>). Students are responsible for ensuring that they meet [graduation requirements](https://ga.rice.edu/undergraduate-students/academic-policies-procedures/graduation-requirements/#text) (<https://ga.rice.edu/undergraduate-students/academic-policies-procedures/graduation-requirements/#text>) by completing coursework designated as distribution-credit-eligible at the time of course registration.

Opportunities for the Minor in Medical Humanities

Academic Honors

The university recognizes academic excellence achieved over an undergraduate's academic history at Rice. For information on university honors, please see [Latin Honors](https://ga.rice.edu/undergraduate-students/honors-distinctions/university/) (<https://ga.rice.edu/undergraduate-students/honors-distinctions/university/>) (*summa cum laude*, *magna cum laude*, and *cum laude*) and [Distinction in Research and Creative Work](https://ga.rice.edu/undergraduate-students/honors-distinctions/university/) (<https://ga.rice.edu/undergraduate-students/honors-distinctions/university/>). Some departments have department-specific Honors awards or designations.

Distinction in Research and Creative Work

Students completing the minor in Medical Humanities are eligible to apply for the university honor [Distinction in Research and Creative Work](https://ga.rice.edu/undergraduate-students/honors-distinctions/university/) (<https://ga.rice.edu/undergraduate-students/honors-distinctions/university/>). If awarded, Distinction will be noted on the student's transcript upon graduation and on commencement materials. All applications for Distinction will be judged by a committee of faculty affiliated with the program in Medical Humanities. Work deemed to be "above and beyond" expectation will be considered for Distinction..

- Applications for Distinction must be submitted to the Director of Medical Humanities on or before the last day of classes in the spring semester by 5:00 pm.
- As part of the application for Distinction, students must submit a single-authored research or creative work, created for a Medical Humanities class, that represents the substantive output of a semester's work (length will vary by discipline).
- The student's project does not have to be completed nor in its final format to apply for Distinction. All final research and creative work materials will be due on the last day of final examinations.
- Applications must include a 1-page letter of support from a sponsoring faculty advisor.
- Applications are available on the Medical Humanities website at: <https://medicalhumanities.rice.edu/annual-essay-competition> (<https://medicalhumanities.rice.edu/annual-essay-competition/>)

Experiential Learning

Advanced students in the Medical Humanities minor have the opportunity to conduct experiential learning and research in our practica, enroll in internships at Houston-area hospitals, archives, and community partner institutions, and take a multi-institution seminar, co-taught by researchers and clinicians in the Texas Medical Center, University of Houston, University of Texas School of Public Health, and Rice.
