The Bachelor of Science (BS) degree in Chemical Physics is jointly managed by the Department of Chemistry and the Department of Physics and Astronomy. Students take upper-level courses in both chemistry and physics, focusing on the applications of physics to chemical systems.

For additional information regarding Chemical Physics, please see the following department websites:

- Chemistry: https://chemistry.rice.edu/
- Physics and Astronomy: https://physics.rice.edu/

**Bachelor's Program**

- Bachelor of Science (BS) Degree with a Major in Chemical Physics (https://ga.rice.edu/programs-study/departments-programs/natural-sciences/chemical-physics/chemical-physics-bs/)

Chemical Physics does not currently offer an academic program at the graduate level.

**Co-Directors**

Stanley A. Dodds, *Physics and Astronomy*
R. Bruce Weisman, *Chemistry*

For Rice University degree-granting programs:
To view the list of official course offerings, please see Rice's Course Catalog (https://courses.rice.edu/admweb/!SWKSCAT.cat?p_action=cata)
To view the most recent semester's course schedule, please see Rice's Course Schedule (https://courses.rice.edu/admweb/!SWKSCAT.cat)

**Description and Code Legend**

*Note:* Internally, the university uses the following descriptions, codes, and abbreviations for this academic program. The following is a quick reference:

**Course Catalog/Schedule**

- Course offerings/subject code: Courses from various subjects may apply towards this program

**Department (or Program) Description and Code**

- Chemical Physics: CPHY

**Undergraduate Degree Description and Code**

- Bachelor of Science degree: BS
