BACHELOR OF ARTS (BA) DEGREE WITH A MAJOR IN ASTRONOMY

Program Learning Outcomes for the BA Degree with a Major in Astronomy

Upon completing the BA degree with a major in Astronomy, students will be able to:

1. Demonstrate an understanding of fundamental concepts in Mechanics.
2. Demonstrate an understanding of fundamental concepts in Electromagnetism.
3. Demonstrate an understanding of fundamental concepts in Quantum Mechanics.
4. Be knowledgeable in fundamental topics in Astronomy.

Requirements for the BA Degree with a Major in Astronomy

For general university requirements, see Graduation Requirements (https://ga.rice.edu/undergraduate-students/academic-policies-procedures/graduation-requirements/). Students pursuing the BA degree with a major in Astronomy must complete:

- A minimum of 53 credit hours to satisfy major requirements.
- A minimum of 120 credit hours to satisfy degree requirements.
- A minimum of 19 credit hours taken at the 300-level or above.

The courses listed below satisfy the requirements for this major. In certain instances, courses not on this official list may be substituted upon approval of the Physics and Astronomy department’s undergraduate committee. (Course substitutions must be formally applied and entered into Degree Works by the major’s Official Certifier (https://registrar.rice.edu/facstaff/degreeworks/officialcertifier/).) Students and their academic advisors should identify and clearly document the courses to be taken.

| Core Requirements
| COMP 130   | ELEMENTS OF ALGORITHMS AND COMPUTATION                  | 4            |
| or COMP 140| COMPUTATIONAL THINKING                                  |              |
| MATH 101   | SINGLE VARIABLE CALCULUS I                             | 3            |
| or MATH 105| AP/OTH CREDIT IN CALCULUS I                             |              |
| MATH 102   | SINGLE VARIABLE CALCULUS II                             | 3            |

Select 1 from the following:

- PHYS 101  MECHANICS (WITH LAB) & PHYS 103 and MECHANICS DISCUSSION
- PHYS 111  HONORS MECHANICS (WITH LAB)

Select 1 from the following:

- PHYS 102  ELECTRICITY & MAGNETISM (WITH LAB) & PHYS 104 and ELECTRICITY AND MAGNETISM DISCUSSION
- PHYS 112  HONORS ELECTRICITY & MAGNETISM (WITH LAB)

- PHYS 201  WAVES, LIGHT, AND HEAT
- PHYS 202  MODERN PHYSICS
- PHYS 231  ELEMENTARY PHYSICS LAB
- PHYS 301  INTERMEDIATE MECHANICS
- PHYS 302  INTERMEDIATE ELECTRODYNAMICS
- ASTR 230  ASTRONOMY LAB
- ASTR 350  INTRODUCTION TO ASTROPHYSICS-STARS
- ASTR 360  INTRODUCTION TO ASTROPHYSICS-GALAXY AND COSMO
- ASTR 400  UNDERGRADUATE RESEARCH SEMINAR (2 semesters required, 1st semester)
- ASTR 400  UNDERGRADUATE RESEARCH SEMINAR (2 semesters required, 2nd semester)

Select 1 course from the following:

- ASTR 408  STATISTICAL METHODS IN PHYSICS AND ASTRONOMY
- ASTR 451  ASTROPHYSICS I: SUN AND STARS
- ASTR 452  ASTROPHYSICS II: GALAXIES AND COSMOLOGY
- ASTR 470  SOLAR SYSTEM PHYSICS
- PHYS 480  INTRODUCTION TO PLASMA PHYSICS

Total Credit Hours Required for the Major in Astronomy 53
Additional Credit Hours to Complete Degree Requirements 36

University Graduation Requirements (https://ga.rice.edu/undergraduate-students/academic-policies-procedures/graduation-requirements/)

Total Credit Hours 120

Footnotes and Additional Information

Note: University Graduation Requirements include 31 credit hours, comprised of Distribution Requirements (Groups I, II, and III), FWIS, and LPAP coursework. In some instances, courses satisfying FWIS or distribution requirements may additionally meet other requirements, such as the Analyzing Diversity (AD) requirement, or some of the student’s declared major, minor, or certificate requirements. Additional Credit Hours to Complete Degree Requirements include general electives, coursework completed as upper-level, residency (hours taken at Rice), and/or any other additional academic program requirements.
1 Students without credit for basic calculus (e.g. MATH 101/MATH 105 and/or MATH 102/MATH 106) must either enroll in the relevant course(s) or substitute more advanced MATH or CAAM coursework, with prior approval by the Physics and Astronomy department’s Undergraduate Program Committee, to earn the required credit.

2 The Physics department has determined that credit awarded for PHYS 141 CONCEPTS IN PHYSICS I is not eligible for meeting the requirements of the Astronomy major.

3 The Physics department has determined that credit awarded for PHYS 142 CONCEPTS IN PHYSICS II is not eligible for meeting the requirements of the Astronomy major.

Policies for the BA Degree with a Major in Astronomy

Program Restrictions and Exclusions

Students pursuing the major in Astronomy should be aware of the following program restrictions:

- Students pursuing the major in Astronomy may not additionally declare the major in Astrophysics.
- Students pursuing the major in Astronomy may not additionally declare the minor in Physics.

Transfer Credit

For Rice University’s policy regarding transfer credit, see Transfer Credit (https://ga.rice.edu/undergraduate-students/academic-policies-procedures/transfer-credit/). Some departments and programs have additional restrictions on transfer credit. The Office of Academic Advising maintains the university’s official list of transfer credit advisors (https://oaa.rice.edu/advising-network/transfer-credit-advisors/) on their website: https://oaa.rice.edu. Students are encouraged to meet with their academic program’s transfer credit advisor when considering transfer credit possibilities.

Departmental Transfer Credit Guidelines

Students pursuing the major in Astronomy should be aware of the following departmental transfer credit guidelines:

- Requests for transfer credit will be considered by the program director (and/or the program’s official transfer credit advisor) on an individual case-by-case basis.

Additional Information

For additional information, please see the Physics and Astronomy website: https://physics.rice.edu/.

Opportunities for the BA Degree with a Major in Astronomy

Academic Honors

The university recognizes academic excellence achieved over an undergraduate's academic history at Rice. For information on university honors, please see Latin Honors (https://ga.rice.edu/undergraduate-students/honors-distinctions/university/) (summa cum laude, magna cum laude, and cum laude) and Distinction in Research and Creative Work (https://ga.rice.edu/undergraduate-students/honors-distinctions/university/). Some departments have department-specific Honors awards or designations.

Research in the Department of Physics and Astronomy

The Physics and Astronomy Department encourages undergraduate participation in research, both within the department and through extramural programs. For current opportunities, please click on the Research tab on the department website (https://physics.rice.edu/).

Additional Information

For additional information, please see the Physics and Astronomy website: https://physics.rice.edu/.
